Bilderrahmen "Haus" im Shabby-Chic Look

Instructions No. 896

All under one roof! In this picture gallery each of your loved ones will find their place. Whether as a classic picture frame in country house style or designed with sayings as a decorative element, this frame can be designed according to your wishes.

And it's as easy as that:

First remove the backs of the picture frame.
Now prime the frame in white and wipe over the gallery with a mixture of Old Pink and white after drying.
Afterwards you set wiping accents again with Grey .
Using the brush and paint Grey , paint sharply over all frame and cropped edges of the image.

Print out the lettering and transfer it to the bottom edge of the frame using carbonless paper. Now color it with Grey .

After everything has dried, outline the lettering with the Edding.
