Bunte Mosaik Pappmaché-Figur Schnecke

Instructions No. 543

Difficulty: Advanced

The old art of mosaic laying has lost none of its fascination to this day, but with new elements it is given a modern face. On this colourful snail many small beads and glass muggles are simply laid in white Structure Paste . Even mosaic beginners can do this.

Here's **how it works**

Prime the snail white.
After drying, spread Structure Paste on the snail shell with a Spatula brush in batches
placeAcrylic beads, Rocailles and glass mosaic on top and press on lightly.
Let the Structure Paste dry for about 24 hours, then polish the mosaic with a soft cloth.
Design the body of the snail with Handicraft paint and finally glue 2 Acrylic beads on the feelers.

This idea is timelessly beautiful!
