Spring birdhouse

Instructions No. 2979

Difficulty: Beginner

Working time: 2 Hours

Offer your feathered friends a cozy home in your garden! Create a new bird house where the birds can feel at home and make themselves comfortable. A real eye-catcher in the garden, on the balcony or terrace!

It's that simple:

First prime the **bird house** with **handicraft paint** primer. Then you can paint on the **stems** and **leaves** of the **flowers**.

Once the paint has dried, you can decorate the **scatter decoration** with **handicraft glue** onto the **bird house**. Let the **glue** dry well.

To protect the birdhouse from the weather, we recommend an additional protective coat of **VBS acrylic paint**.

Coat the birdhouse evenly with **acrylic paint** and allow to dry completely. This additional sealant will help to keep your artistically designed **bird house** looking beautiful for longer and provide the birds with a protected home.
