Instructions No. 2125

Difficulty: Beginner

Working time: 2 Hours

What would spring be without the **birds**. To make the birds feel even more comfortable on your terrace, balcony or garden, we have a great idea for an aviary with cute motifs, drawn with **branding paint**.

Afterwards you colour the birds also with the wood glaze. It is advisable to use a small brush to paint the small areas of the birds.

To protect the bird house from environmental influences, it can be sprayed with edding **clear lacquer**.
