

# Buchstaben mit Jutegarn und Kuschelwolle

## Instructions No. 661

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 15 Minutes

Whether "Harmony", "Carpe Diem" or "I Love You", the large letters made of grey cardboard present your life motto in a particularly expressive way. The letters are very stable due to multiple wrapping Jute yarn and can easily be leaned against the wall on a shelf or a chest of drawers.

Here's [how it works](#)

Print out the letters with the font "Arial" in the desired size, place them on the grey cardboard and draw them with a ballpoint pen so that the outlines are clearly visible. Then print the letters with the Cutter cut out on the cutting mat

Tape-Ribbon around the edges of the letters and wrap them tightly with Jute yarn first in one direction and then crosswise. Shortly before the end, stick some more tape-Ribbon on Jute yarn and then finish winding, stick the ends of the jute yarn under the wound yarn.

Wrap a layer of wool around the letters in the same way, using the light and dark wool alternately on the different letters.

### Extra crafting tip:

Treat yourself to finished standing **letters made of MDF** or papier-mâché - first prime [them](#) with neutral Handicraft paint (white, cream or in the case of dark wool with brown / black), then wrap them as described above.
