Difficulty: Advanced

Working time: 4 Hours

Do you want to **wrap** your **gifts** creatively? Then our **stencil set** is just the thing for you. Thanks to the VBS stencils you can wrap your Christmas presents in a very special way. They are also a great decoration on the table or on the dresser.

How to make these great boxes:

Transfer the **templates** to the **Paper** and cut out. First fold, crease and glue the boxes together. Then either paint on the individual parts with the Posca markers or glue them on with **VBS handicraft glue** or glue them on with 3D glue pads .

From the **felt** cut a strip about 1 cm wide for the scarves and knot it around the boxes. Shorten the ends slightly and cut in for the fringes.
