Cloud Mobile

Instructions No. 1807

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Small children love things that move and that they can observe. For this reason, **mobiles with cute** animals, stars or clouds often hang over the cot. Since our mobiles can easily be personalized, they are perfect as a birth **or baptism** gift.

Before you start your creative work, you should **cover** your work surface with **foil** or **newspaper** to avoid contamination. Now pick up the **cloud** and remove it. Cotton cord. Fill some of the desired acrylic paint **into** different cups and add some **Pouring Medium** to that. Stir the whole thing. Check if the paint is flowable, otherwise just add a little more of the Pouring Medium in addition. **Tip:** If you want to achieve cell formation, add 1 to 2 drops of **silicone oil to the** colour mixture. Now layer the colours in a cup by filling the different colour mixtures into a cup. Then place the cup upside down on the cloud, wait a short moment and then pick up the cup. Now the color runs over the cloud. If you like, you can take the cloud in your hand and spread the paint all over the surface by panning. Let it dry for at least **24 hours**

Now print out the free **motif templates**, transfer them twice to the respective felt **and** cut out the motifs. Spread the edge of the whale and the star with **Textile glue** and place the counterpart on top of each. **Important:** Leave a small opening to **fill** the whale and the star with cotton wool later. Afterwards the opening is also glued Textile glue shut. The eye of the whale is covered with a black **Marker** painted on. From the pink Felt one two ovals are cut out, which should represent the cheeks.

With a white Marker you can personalize the cloud. For example, how about the name of the child or a nice saying. Either write something freehand on the cloud or use a template and some graphite paper **to** help you.

Now place a micro **LED light chain around** the edge of the cloud and fix it with hot glue. Now thread the whale, the star and the whale on Pompoms some Perlon tape **and** fix everything on the backside with some hot glue. Finally, knot the cotton tape you removed at the from beginning back on and you have your own personal mobile.
