# Crocheted organizer basket

**Instructions No. 2032**

Are you looking for a practical crochet idea? Then this Organizer basket is just right for you! And best of all: you need very only little material.

At the beginning you form Yarn a starting loop from the one: double the end of the thread, form a "small pretzel", crochet the crochet hook, pull the through Yarn and tighten

**Organizer Crochet bottom**

Crochet 5 **air stitches.** To crochet this air stitch chain you form a loop, pull a new loop - the first air stitch is made, pull the crochet Yarn hook through the stitch on the needle, so the next air stitch is crocheted. The air stitch chain is closed at the end with a **warp stitch** to form a circle: For this you sting into the last crocheted air stitch and pull this through Yarn this and at the same time through the stitch on the needle

From here on you crochet firmly **stitches** in rounds

1. **Round** at the beginning of a row always crochet an air stitch to get you up! For the fixed stitches crochet as follows: Insert needle into the circle, form loop and pull through the circle so that there are two loops on the needle. Form loop and pull through both loops. In this way 11 firm stitches are crocheted. From here on, always stitch the next stitch and proceed as further follows

2. **Round** crochet 2 tight stitches in one stitch

3. **Round** Now alternately crochet 2 stitches into one stitch, then 1 stitch into one stitch
4. **Round** crochet 2 fixed stitches, 1 fixed stitch, 1 fixed stitch, 1 fixed stitch into one stitch and repeat until end of round
5. **Round** crochet 2 fixed stitches, 1 fixed stitch, 1 fixed stitch, 1 fixed stitch, 1 fixed stitch in one stitch at a time, repeat until end of round
6. **Round** crochet 2 fixed stitches, 1 fixed stitch, 1 fixed stitch, 1 fixed stitch, 1 fixed stitch, 1 fixed stitch in each stitch, repeat until the end of the round. The more round you continue crocheting in this way, the larger the crochet circle that forms the bottom of the utensil

**-OrganizerWalls**
The walls of the utensil are crocheted with fixed stitches, where always a 1 fixed stitch is crocheted into a stitch, each round is finished with a warp stitch (insert needle into the stitch, form loop and pull through both Yarn loops). The crochet work is fixed by simply passing the thread through the last crochet loop and tightening it to a final knot

**Suspension**
Pull this Yarn through one stitch, knot it, then prick with the crochet hook in the same stitch and crochet after an air chain as long as you like. As soon as this is long enough, stitch in the same stitch of the utensil as at the beginning and finish the crochet work with a warp stitch

**Extra tip:** As a special something, sew a small label by hand to the basket Organizer-.

## Must Have

### Warp yarn "Natural white", 200 m

Length: 200 m
Width: 1 mm

**5,99 €** (1 m = 0,03 €)
