Working time: 4 Hours

The two little sheep together with the bunny can be made very quickly by yourself. This idea is also ideal for crafting with children. The little trio is cuddly soft and very decorative!

Use the instructions of the pompom maker set and wind small pompoms with the middle templates. They can be easily cut into shape with sharp fabric scissors after making.

Each bark stand consists of a bark wood base and a metal rack. Set with positioning of the metal grid on the bark wood base part and make holes with a small drill or hand drill, into which the rack is subsequently inserted. If the stand is not stable enough in the wood, fix it additionally with a little glue.

Stick 1 pompom on each of the stands, also secure them with some glue for safety.

Use 1 scatter piece each as a head.Add additional splashes of color by painting flower scatter pieces with some

craft paint and then decorating them on the small figurines. Use a hot glue gun to hold everything in place.

Arranged together as a trio, the new good mood decoration is certainly a great eye-catcher!
