Difficulty: Beginner

Working time: 1 hour 30 Minutes

Are you ready for spring? Say goodbye to the grey winter days and bring cheerful colors into your home with a homemade, floral door wreath. With our step-by-step guide, you can create your own personalized door wreath and perfectly welcome spring!

## Guide for Your Spring Door Wreath:

### Step 1: Prepare the Numbers

To give your door wreath a personal touch, use MDF numbers or letters. You can transform these into fresh, natural elements with our moss ribbon.

Cut two pieces of moss ribbon, larger than the numbers.

Warm up the glue gun and attach the moss ribbon to the front of the numbers.

Once the glue is dry, trim the excess moss with scissors.

Loose moss pieces can be easily fixed by attaching them with a bit of hot glue.

**Step 2: Prepare the Floral Decorations**

Prepare the floral decoration by splitting the artificial flowers and plants into desired elements.

Pluck the leaves and blossoms from the flower.  
Separate the Erika picks at the connecting points.

Cut pieces of the ivy and leaf garland, ensuring the end finishes with a leaf.  
Arrange the parts around the wreath until you are satisfied with the layout.

**Step 3: Decorate the Wreath**

Once you are satisfied with the arrangement, you can decorate the wreath.  
Glue all the elements layer by layer onto the willow wreath with hot glue.

Weave the garland pieces in and place the flower leaves and blossoms.  
The Erika stems and the flower blossom crown the work.

Add the numbers to the opposite side of the wreath.  
Use a wide lace ribbon to hang the wreath.

And now your unique spring door wreath is finished! Welcome spring with an open heart and radiant colors.
