**Step 2: Create the centerpiece**

Use a cutter knife to cut a suitable piece of from flower arrangement foam . The flower arrangement foam ensures that the flowers have a firm hold. Make sure that the cut foam fits well in the center of the wreath.

**Step 3: Natural touch with moss**

Apply a little hot glue to the flower arrangement foam and attach the decorative Iceland moss. This gives the arrangement a natural and lively touch.

Now use hot glue to attach the fluffy willow catkin twigs around the outer edge of the wreath. These give the arrangement an elegant structure and symbolize the start of spring.

Choose a mix of spring flowers and place them in the wreath. Make sure to distribute the flowers evenly to create a harmonious and appealing look.

**Step 6: Add Easter accents**
