Flowergram with dried flowers and candle

Paint the wooden stand for dried flowers with craft paint. In our example, we painted the top in gold and left the rest of the stand natural.

When dry, arrange the various dried flowers and the spiral candle in the holes provided in the wooden stand.

Paint a wooden lettering with craft paint as well. In our example, we chose stone grey and added accents with golden craft paint after it had dried.

After the paint has dried, fix a bamboo skewer to the back of the lettering and place it in the wooden stand as well.
