

Funkelnde Weihnachts-Teelichter

Instructions No. 1857

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 20 Minutes

Are you looking for a turbo craft idea for the Christmas season? This tealight quartet is created with only little material in a short time and is afterwards a warm and noble light source.

Wooden box

The wooden box is simply taped over with double-sided Adhesive tape adhesive. After the protective strip of the is Ribbon removed, a Christmas ribbon is placed over it and thus fixed

Tea light glasses

The special noble effect of this idea is due to the fact that the tealight glasses are painted Champagne from the inside with several layers of metallic Maya [Stardust](#). Before painting the glasses should be cleaned from dust and grease. Each applied layer of paint should be well dried before the next painting.

The dried tea light glasses are now surrounded from the outside with a narrow strip of double-sided on the Adhesive tape upper third and then wrapped with a jute cord on top. Small stars or others Embellishment can also be fixed with the adhesive tape

The glasses are each equipped with an LED [tea light](#) and are placed in the wooden box with fir branches and berries as decoration.
