Glass lantern with wooden balls and dried flowers

Instructions No. 2429

Difficulty: Advanced

Working time: 6 Hours

Craft these **beautiful lanterns** - you're guaranteed to succeed with our instructions. These lights are naturally beautiful and give off a great light. Arranged together on a tray or on a beautifully set table, they look great.

This is how the lights are designed:

First paint the **balls** in the colours of your choice. The best colour is **craft paint**.

Fix the **bamboo skewers** in the balls with hot glue and glue the balls together to form a circle. Put a second layer of balls on the skewers. Shorten the skewers to approx. 10 - 12 cm.

Now soak the **peddigrees** in lukewarm water until they are easier to bend. Always weave two sticks around the skewers so that one sticks in front of and one behind the skewers.

As a finishing touch, string the 10 mm balls on top and glue them on.

Tie the **dried flowers** into a mini bouquet and tie them to the lanterns. Finally, place the tea light glasses.

Must Have

VBS Tea light jars "High"

Content: 4 pieces
Diameter (outside): 5.1 cm
Height: 6.3 cm
Material: Glass

3,49 €
