Instructions No. 1130

There are no limits to creative handicrafts in scrapbooking. With this block you can capture your ideas in style. This instruction is a great inspiration for your own individual scrapbooking ideas.

And it's as easy as that:

Which craft material do I need for the Scrapbook block in vintage style?

Besides the Kraft paper you need a paper pad with any pattern, decorative signs, a stamp, Satin ribbon, Tape-Ribbon, punch and punch, metal, decorative buttons, a lace as well as hot glue and a Ink Pads

How do I make a Scrapbook block in vintage style?

The Kraft paper is bound with hole puncher and Satin ribbon to a block. Then cut the two paper motifs to the right size and fix them with tape-Ribbon on the block. Fix the tip and the Satin ribbon at the overlap of the papers so that the cut is covered. Now the wooden signs are stamped, the flowers are punched out and emphasized with the Ink Pads so that they can be stuck on together with the decoration bicycle.
