Jungle Party Invitation Card

Instructions No. 2553

Difficulty: Beginner

Working time: 1 hour 30 Minutes

For the next children's birthday party, everything is themed "Jungle Party". Of course, this requires matching invitation cards with jungle animals.
In this idea, we show you how you can make your own invitation cards for the birthday with little effort and materials.

Craft invitation cards

Cut small strips from the scrapbooking block. These should be as long as the height of the card. Stick the strips on with craft glue.

Stick the glitter stickers on the cards and paint on some accents with the marker, such as a liana, some tufts of grass or a puddle of water.

Finally, the card can be labelled with the important dates.

Another paper craft idea

We have another quick craft idea for the perfect jungle party. The bamboo skewers with cute animals are a great decoration for the party and decorate snacks wonderfully.

Create small decorative skewers

For this, stick different stickers onto the kraft paper and cut out all the motifs close to the edge.

The edges can be shaded as desired with a black pen or a black ink pad.

Finally, glue the motifs to the tree bus skewers.
