# Maritime picture with Alcohol Ink

**Instructions No. 1943**

Difficulty: Advanced

Working time: 1 hour 30 Minutes

Create a work of art - Alcohol **Ink** turns it into a very special colour event**.** The highly pigmented Ink alcohol-based ink can be integrated into a picture bit by bit. Although the ink dries quickly due to the alcohol, it can be revived with fresh ink and you can **create** grandiose colour gradients. By using different techniques, **spectacular results** can be achieved again and again.

## How to design with Alcohol Ink:

Prime the **wooden frame** with navy blue **Handicraft paint**.

After drying, dab **Gold leaf priming milk** with a sponge. It is especially beautiful if you leave small areas free, so that the base colour shimmers through later. After about 15 minutes **Leaf metal** with a soft brush on the painted surfaces. Then brush Leaf metal a dry brush over it to remove excess and protruding material. If you wish, you can finally paint your frame with the finishing varnish.

Now **Yupo Paper**is being designed with the **Alcohol Ink**. The unique Ink one is particularly luminous. A fascinating play of colours develops on the painting grounds during fluid painting. Due to the high flowability the colours react very actively on each other. Try out different possibilities. You will see how beautifully the colours run, displace each other and new beautiful colour artworks will be created again and again. For this, simply drop a few drops of your colour on top of it and next Paper to it another colour and experience the colour spectacle**.** In combination with the **Alcohol Ink Extender** and by blowing or using a **bellows** you can create great works of art.

If you are satisfied with your colour design, print out the **template** and transfer the motif to **Craft cardboard sheet**. Then cut it out and fix it with **Glue pads** in the picture

Glue the picture in the frame and reinforce it with cardboard if necessary.

## Must Have

### Marabu "Alcohol Ink", Gentian

Fill volume: 20 ml

**4,85 €** (1 l = 242,50 €)
~~RRP 5,39 €~~
