

# Mini Easter bunny house

Instructions No. 3617

Difficulty: Beginner 🍴🍴🍴🍴

Working time: 1 hour

Immerse yourself in the world of miniatures and create your own little Easter bunny home as an artistic decoration for the Easter season. These step-by-step instructions will show you how to use your skill and attention to detail to create a magical scene that inspires the imagination and fits perfectly on any shelf or windowsill.

## Step 1: Constructing the ladder with logs

Start your miniature scene by cutting or sawing two round wooden sticks of the same length. These will serve as vertical elements that represent the entrance to your Easter bunny home. You can adjust the length of the sticks depending on the desired size of the scene.

Cut small wooden sticks to place between the round wooden sticks as steps. Use hot glue to fix the cut steps between the two logs. Place the steps evenly and allow everything to dry well to ensure a stable structure.

## Step 2: Natural decoration with boxwood and decorative eggs

Now grab some greenery! Cut off parts of the box bush and arrange them together with some decorative Easter eggs in a small basket.

## Step 3: Presentation of the miniature scene

Place the carefully crafted front door with ladder on a sturdy baseboard. Arrange the miniature basket and other decorative elements to create an inviting and harmonious scene.

Your fascinating miniature scene of the Easter bunny's home is finished and is ideal for lovers of delicate decorations! You can find all the materials you need to make your own miniature Easter bunny home in our online store.

Let yourself be inspired and become part of the wonderful world of miniatures!
