

Mosaic lighthouse picture

Instructions No. 3048

🔪🔪🔪 Difficulty: Advanced

🕒 Working time: 4 Hours

Would you like to make this **beautiful lighthouse** yourself? It's really easy and you can customise the lighthouse picture with the **stones** of your choice. The picture will be an eye-catcher in your home!

This is how you design the lighthouse image:

For the **sand mound**, apply **mosaic joint filler** to the decorative **wooden panel** as an adhesive layer and spread it with a brush. Add coloured sand and leave everything to dry. You can then remove the excess sand.

Outline the **lighthouse** with a pencil to make it easier to glue the **stones** later. Now glue the mosaic stones in place using the mosaic filler.

Tip: The mosaic pieces can be crushed with pliers, but it is important to wear safety goggles to prevent splinters from getting into your eyes.

Paint some birds and the boat on the decorative wooden panel using white **craft paint** and the stencil. Finally, glue on the **driftwood** using mosaic joint filler.
