

Natural Advent Wreath

Instructions No. 2874

Difficulty: Beginner 

Working time: 2 Hours

Advent wreaths are indispensable at Christmas time. They are decorative and at the same time provide a cosy light in the dark season. In our instructions, we explain how you can create this natural Advent wreath with little effort.

Create a natural Advent wreath

First paint the Topeca plate with craft paint. We have chosen the colour pastel olive. Let the paint dry. If necessary, apply a second coat of paint. Once dry, coat with VBS acrylic varnish and allow to dry thoroughly.

In the meantime, fill the glass bottles with Iceland moss and insert the VBS "Moora" candle holders into the opening of the bottle.

Tie a jute cord around the neck of each bottle and fix the VBS "Oakley" scatter pieces to it with a little hot glue.

Cover the candle holders with adhesive wax plates and place the stick candles inside.

Place the finished bottles on the plate and decorate the whole thing with some cones and other scatter pieces.
