

Natural Advent Wreath

Instructions No. 2874

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 2 Hours

Advent wreaths are indispensable at Christmas time. They are decorative and at the same time provide a cosy light in the dark season. In our instructions, we explain how you can create this natural Advent wreath with little effort.

Create a natural Advent wreath

- First paint the Topeca plate with craft paint. We have chosen the colour pastel olive. Let the paint dry. If necessary, apply a second coat of paint. Once dry, coat with VBS acrylic varnish and allow to dry thoroughly.
- In the meantime, fill the glass bottles with Iceland moss and insert the VBS "Moora" candle holders into the opening of the bottle.
- Tie a jute cord around the neck of each bottle and fix the VBS "Oakley" scatter pieces to it with a little hot glue.
- Cover the candle holders with adhesive wax plates and place the stick candles inside.
- Place the finished bottles on the plate and decorate the whole thing with some cones and other scatter pieces.
