

# Pendant design template for your Silhouette Cameo

**Instructions No. 1862**

Difficulty: Beginner 

Working time: **1 hour**

In our instructions, we provide you with a beautiful template for downloading, which you can easily **plot** with the Silhouette **Cameo**. This ultra-modern plotter cuts the **filigree motifs** very precisely and makes cutting easier for you.

For our trailers, download the DXF file for the cameo and set it to "cut" and "cardboard". Place your desired **Kraft paper** just place your trailer on the mat and start the plotting process. After plotting, carefully remove the motifs from the mat using a picker.

If you do not have a plotter machine, you can of course download the templates as a pdf file and transfer them to your desired carton. Afterwards you can cut them out with a **cutter knife**.

Now you still only need the pendants with a nice [Ribbon](#) and your trailers are ready. Ideal as tree ornaments or as a gift tag.
