Instructions No. 1917

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 1 hour 30 Minutes

Our designed **pennant chain** is an eye catcher in your home. With the **free motif template** you can easily conjure up the cute **bunnies** on the respective pennants and embellish them in your desired colours. Also a great idea for a handicraft afternoon with children.

That's how it's done:

Watercolor the **pennants** in your desired color before gluing the rabbits. In our example the respective pennants were painted with the Ecoline Brushpen in Magenta painted with the help of a water tank brush. Before the watercolouring, the edges were also taped off Adhesive tape , so that these later remain white

Print out the **bunny templates** and transfer them to the **natural cardboard**. Now the bunnies are cut out

The next step is to attach **Pompoms** in white and Pink with something **Handicraft glue** on the rabbits. You can draw Fineliners in details with a fine black one.

Glue the finished rabbits onto the pennants with 3D- Glue pads .

With the **hole puncher** you can put holes in the upper corners of the angles and thread Ribbon them through. Your great Easter decoration is ready!
