Picture with macramé cords

Instructions No. 3076

Difficulty: Beginner

Working time: 2 Hours

Create great accents for the wall with lines and shapes! You can design this picture however you like. Each picture is unique! Use cords and color to create an eye-catcher for your home.

Print out the templates and cut them out.
Place them on the stretched canvas and trace them delicately with a pencil. Use a paint palette to mix the titanium white with the color "Sienna Burnt" in a light tone as desired.

Paint the long bar on the left of the stretched canvas in this shade. Then mix more sienna burnt into the color. Apply this color to the bottom of the semicircle.

Important: Apply 2 - 3 coats of the paint so that it covers well. Each coat should be dry before applying the next. You can use a hairdryer to help. You can then glue on a macramé cord.

Apply the glue to the stretched canvas and press the cord lightly onto it. Start on the outside and work your way evenly inwards.
