In this step-by-step guide, we'll show you how to use this technique to make magically cute pompoms in no time at all. Let's get creative together!

Instructions for pompoms from the fork:

1. Step:

Take a fork with four prongs. Knot the wool in the middle.

2. Step:

Now wrap the wool around the entire fork to form a fat bundle.

3. Step:

After you have wrapped the wool, shorten the thread and cut a thread from from ball. This is knotted tightly in the middle of the bundle. As tightly as you can only . Now the bundle can be pushed off the fork.

4. Step:

Cut all the loops of the bundle and trim the wool threads all to one length. This will make the pompom round like a ball and nice and fluffy.

You may need a little time to practise, but after that it really is child's play. I had already thought about making a snowball chain from pompoms .
