Rainbow Mobilé

Instructions No. 2197

Difficulty: Beginner

Working time: 1 hour

Over the rainbow, .. This **mobilé** is so wonderfully colorful and turns in the wind and with it the beautiful **rainbow colors** and pompoms. The mobilé is easy to make and is a wonderful **eye-catcher in the nursery** or in a place that can use a little color. New parents will also be delighted to receive this beautiful mobilé for their newborn.

This is how the rainbow is made:

Print out the **template** and cut out the motifs. Use a pencil to trace the sheets onto different **papers of** your choice. Each sheet is transferred twice onto the same color.

Select **different colored pompoms** and pull them onto a **Perlon thread** with a needle. Tie a knot at the end so that the pompom does not slip off.

Apply **double-sided adhesive tape** to a rainbow-sheet and peel off the protective film. Place a piece of nylon thread in the middle of the sheet to hang it up later. Place a pompoms thread in the right and left end of the adhesive tape . Place the second sheet on top. Proceed in the same way with the other bows. Lay the Perlon thread in the middle from bow to bow further . Only when all the bows have been glued together, cut the thread to the desired length and knot a loop for hanging.

Must Have

Paper-Set "Colorful"

29,99 € (1 m2 = 4,30 €)
