Ring binder in mixed media design

Instructions No. 657

On the cover of this scrapbook album the theme **"Mixed Media" is consistently** implemented **musically**. Straw silk paper-Papers are Napkins combined with inchies, MDF decors, buttons and lace. This creates a wide field for your personal creative design.

Here's **how it works**

Prime the outside of the album with Handicraft paint ivory **and** emphasize the edges with the two Ink Pads . For this, turn the Ink Pads over and wipe flat over the edges.

Remove the two layers of white paper from the Napkin "Piano", apply the printed layer on the front. For this, brush the surface with the glue stick and **Napkin** place carefully. In this way it can be removed again if it is not in the correct Position or wrinkled. For final fixation, then paint over with Napkin varnish .
After drying, glue the **bobbin lace with** tape-Ribbon around the Napkin .

Tear a piece of any page of the scrapbook block and stamp it with curlicues, accentuate the edges with Ink Pads , then stick it on with glue stick

Motifs from the **Motif straw silk** cut out roughly and glue it with Napkin varnish or decoupage glue on white primed aluminium sheet metal. Allow to dry well. Cut out the motifs and trace the contours on the front with the metal spinning tool. Then emboss the motifs plastically on the special mat from the back. From time to time, rework the contours so that they remain clearly visible.

Wipe over the **lace paper** with stamping ink and stick on Paper . Glue other motifs directly onto the album with a glue stick, over which the embossed motifs are placed.

Inchies and **Painting boards** with Handicraft paint and motifs from Napkin and the straw silk sheet as desired, emphasize the contours with stamping ink and stick on all individual parts with hot glue. Finally, decorate with other matching accessories according to your personal taste.
