School Cone Pirate Octopus

Instructions No. 1770

Difficulty: Beginner

Working time: 2 Hours

You would like to make Start of school a **school bag for** yourself?

With our great instructions you can create an individual school bag that no other child will ever have. In addition, this school bag offers plenty of space for small gifts, useful and natural sweets. Our cheeky **pirate octopus** will not only make your child shine, but adults will also admire this school bag. A great present for the school enrollment.

How to make the pirate octopus School gift bag:

Take the **blank school bag out of** its packaging, unfold it and lay it flat on a table. Now roughly place the **Straw silk paper** at the later opening on the school bag and cut it off as desired. Remove the protective foil from the school bag and place it Straw silk paper slowly on the sticky surface. Punch the pasted over holes with a hole puncher. Now thread the **Satin ribbon** through the holes and tie it at the ends. Paint the wooden tip with blue Handicraft paint. After drying, place it in the school bag and fix it with a little glue if necessary

Print out the pattern. Transfer them to the respective **Foam sheets** and cut them out. We have **painted** the head and arms with the blue **Handicraft paint** or use **Viva Decor Maya Gold**.

Draw the skull and the bones belonging to it with a **black Marker** one and then glue them together with **Handicraft glue** on the hat.

Next, place the eyes. You can punch out the nostrils with a hole punch and glue Handicraft glue them on as well. Fold the stem of the flag lengthwise and glue the flag in the crease at the end of the stem. Now glue the stem together with **hot glue**. The flag can then be provided with your child's name.

Now glue the individual arms to the back of the head. Then apply hot-melt adhesive to the edges of the half head and place the second head on top. Now fill the open side of the head with **cotton wool to** make it more plastic. Then glue the filling opening closed. Repeat the same with the hat.

Now glue the face and the suction cups on. As soon as everything has dried well, glue your octopus to the school bag with hot glue.

Must Have

CREApop - School gift bag, self-adhesive, 70 cm

Diameter (outside): 20 cm
Height: 70 cm
