Instructions No. 2827

🔪🔪🔪 Difficulty: Advanced

🕒 Working time: 4 Hours

Are you still looking for a beautiful **school cone** for the big day of your ABC protégé? Then you have just found the right school cone! You can easily make this beautiful school cone yourself in the colour of your choice with a **rainbow motif** stuck on.

## This is how the school cone is made:

Print out the **template**, cut it out and transfer it with a pencil onto any paper from the **craft block**.

Then cut out the individual sheets of the **rainbow** and label them using the template. Stick the rainbow onto the school cone blank with craft glue. Here you can choose the **school cone** from the many colour variations, so that the school cone can be adapted to the taste, gender etc. of your child. of your child, etc.

Punch out some small dots with the hole punch and glue them on with **craft glue** as well. (The picker is a great tool for picking up and placing the small dots). Punch out hearts with the motif punch and glue them on.

Stick the **florist's crepe paper** to the blank from the inside. Leave to dry. Then crease the blank along the folded lines. Apply craft glue to the glue tabs and pin the school bag together. Allow to dry.

Fill the school cone according to your heart's desire and close it with one or more **satin ribbons**.
