

School Enrolment Gift Wrapping

Instructions No. 2829

🔪✂️🔪✂️ Difficulty: Beginner

🕒 Working time: 1 hour

Are you looking for a beautiful **gift wrapping** for the first day of school? We show you beautiful and simple possibilities here. The **mini school bags** and the small **school satchels** are made of paper and offer enough space to fill them with little things.

School Satchel Gift Box:

Print out the **templates**, transfer them to the desired **paper** with graphite paper and cut them out. Fold the dotted lines with the ruler and folding leg to make the paper easier to fold. Glue together with a little craft glue.

For the shoulder straps (template B), cut two strips approx. 10 cm long and 1 cm wide. Fold in the ends, apply craft glue and glue to the back of the satchel.

For the **handle** at the top of the satchel (template C), cut a 5 cm long and 1 cm wide strip and glue it on with craft glue.

Stick on the **Velcro dots**. This allows the satchel to open and close.

For the **tags**, stamp the white back of the paper, stick it on a coloured paper (template D) and stick it on with satin ribbon or **3D adhesive pads**. Add a hole if necessary.

Cut out the **buckles** (template E), colour the edges with the **ink pad** if necessary and stick them on.

Mini school bags as packaging:

Print out the **templates** and cut them out. Transfer the template for the school cone (A) to any paper and cut out. Fold and crease the glue tab

(dotted line).

Transfer the template for the closure onto a piece of **straw silk** and cut out. Stick it to the curve of the school cone with a little **craft glue**. When dry, apply glue to the glue flap and glue the school cone together. You can now fill it as you like and close it with a **ribbon** (e.g. satin ribbon or paper cord). If you like, attach a tag (template D) with a saying to the ribbon.
