In this craft instructions, we would like to introduce you to a scene where the Tomte, a friendly **Christmas elf**, is busy wrapping gifts for the children. At the same time, we will share with you a simple guide for **wrapping gifts** with children. Let's dive into the festive world of wrapping together!

Here are the instructions to create a festive Christmas scene:

1. Cut and paint the wooden spatulas:

- Use scissors to cut the wooden spatulas into the desired shape and size.
- If desired, you can glue them together with handicraft glue to create larger shapes.
- Paint the wooden spatulas with craft paints as you like and let them dry well.

2. Preparing the Secret Santa table:

- Make sure the table is big enough to serve as a handicraft mat.

3. Painting the window:

- Paint the window with white craft paint to create the frame.

4. Curtain for the window:

- Print out the template for the curtain and cut it out.
- Transfer the template to felting and cut out the curtain.
- Decorate the curtain with dots using a Posca marker.
- Apply handicraft glue and attach the curtain behind the window.
- Hot glue two flower pots to the front of the window.

5. Design the letterbox:

- Paint the letterbox with grey craft paint and let it dry.
- Use a Posca marker to write on the letterbox.

6. Create an Advent wreath:

- Twist a chenille wire together at the ends and bend it into an oval.
- Hot glue the oval to the centre of the mantelpiece.
- Print out the template for the flames and cut them out four times from folding paper.
- Cut wooden spatulas in different lengths, paint them and glue the flames on them.
- Draw a wick with a Posca marker.

Attach the finished candles to the Advent wreath with hot glue.

Glue a bulb of the micro LEDs chain of lights to the back of each candle. You can attach the remaining bulbs to the fireplace.

7. Packaging and decoration:

- Decorate some matchboxes and kraft paper boxes with the folding papers, ribbons and stars.
- Cut some paper strips and roll them up to look like giftwrap rolls from the gnome.

8. Attach the straw stars:

- Attach the straw stars to the wall with Patafix.

With these instructions you can create a charming Christmas scene and use your creative skills to the full. Have fun and Merry Christmas!
