Sew Bone Pillows for Your Dog

Instructions No. 1702

Difficulty: Beginner

Working time: 45 Minutes

Make your **dog** happy and sew a cuddly **cushion** for your darling. Your dog can use this both at home and on the road. Our dog pillow looks like a bone and is a cuddly resting place for your dog.

Download the template and cut it out. For the back of the cushion, now fold the fabrics **right** sides together (lay the beautiful sides of the fabric on top of each other). Place the pattern at the fabric break, i.e. the fabric must be doubled parallel to the thread run. Transfer the pattern and trim it with approx. 1 cm seam allowance

In our example we have sewn the middle strip in a different colour for the front part. Transfer the pattern to your chosen fabric and cut out the three strips with seam allowance. Here you can of course also make all three strips in a different colour or cut the back twice to get a plain coloured cushion. The back part can also be coloured, of course. You can sew it just as you like.

For the three-strip version, first place two strips right sides together and sew them together. Next, place the third strip right sides together on the piece of fabric and sew them together. Now you should have two pieces of fabric that are shaped like a bone. (front part and back part)

Place the two pieces of bone material on top of each other, pin them together and sew them together. Leave an opening for turning. If necessary, shorten the seam allowances to about 0.5 cm after sewing together. Now turn the cushion and fill it with **cotton wool**

Now close the opening by sewing close to the edge or close it by hand with a magic seam.

Ready is the sweet cushion for your dog.
