Fancy a spring decoration? With this craft idea, you can easily create your own unique spring decoration in just a few steps. Find out how to do it here!

Prime the picture section with **grey-brown craft paint**. Then paint the frame of the **VBS wooden sign** with **white craft paint**.

Once dry, paint the picture section with **crackle varnish**. To create a nice "**tearing effect**", it is important to paint in one direction with the brush.

Then tear the motif out of the **napkins**. Once everything is dry, coat the image section with **napkin varnish** and stick the top printed layer of the napkin on top. Then coat the whole thing again with **napkin varnish**.

Finally, seal with **weather protection impregnation**.

Now paint a sheet of **embossing foil** with **white craft paint**. Stick the top printed layer of napkins onto it and, once dry, cut out individual motifs with **tweezers scissors**. Place the motif face down on the **VBS special mat** and use the **embossing pen** to press circular movements into the **embossing foil**. Stick to the frame with the **VBS handicraft glue**.
