

# Spring decoration with tulips

Instructions No. 3029

Difficulty: Beginner 🍷🍷🍷🍷

Working time: 2 Hours

With just a little effort, you can conjure up a small table decoration in your home that will bring spring into your home. And the best thing is that these artificial tulips are decorative but do not wilt and can be replaced with seasonal flowers at any time, keeping your table decoration timelessly chic.

Let us inspire you here.

Start by painting the wooden tray in soft spring colours - here we have chosen the soft boho colours antique white, beige, antique rose and pastel olive green.

Cut the tulips with a side cutter so that they later protrude approx. 2/3 from the glass vases.

Tie a small decorative bow to each glass vase with jute ribbon and decorate the vases further with small scatter decorations according to your personal taste. Then place them in the wooden tray and fill the bottom of the tray with small natural stones and some decorative willow.

Finally, arrange the tulips in the vases. We hope you enjoy your new decoration!
