

Sticking motifs for a winter landscape

Instructions No. 2853

Difficulty: Beginner 🍷🍷🍷🍷

Working time: 2 Hours

Here we have put together three **plug-in motifs** to create a **beautiful arrangement**. With craft paint, decorative snow and a little cotton wool, you can create a pretty winter wonderland for your home. See for yourself how easy it is to make!

This is how you create the beautiful winter scene:

Paint the **VBS wooden stick motifs** with your favourite colours. The VBS craft paints are ideal for this purpose. Tip: You can apply the paint to narrow areas with a bamboo skewer.

Once dry, glue the motifs together with a little VBS craft glue. Use the **VBS Deco Snow Liner** to add 3-D accents and decorate the motifs.

For a nice glow, we stuck a **fairy light chain** to the back of the VBS wooden stick motif "Kirchgang".

Finally, place some **cotton wool** as snow on the motifs.
