# Trendy Keychain

**Instructions No. 1816**

Difficulty: Beginner

Working time: 45 Minutes

Who does not know it: You are about to leave the house and are desperately looking for your key. With these **key rings** your key ring **will** not become a only real personal eye-catcher, but you will also save valuable time while searching, because these key rings catch the eye. Also ideal as an individual gift for family and friends.

## Design your personal key ring from different materials!

### Leather

Punch a tag or pendant from a piece of **leather** with the Sizzix Big Shot Plus. Transfer your favourite writing onto the leather with a pencil and trace it with the branding pen.

Small symbols like hearts give the pendant a very special charm. Last but not least, pull a **key ring** through the pre-punched hole - and your distinctive key ring is ready!

**Extra tip:** Instead of punching out a day with the Sizzix Big Shot Plus, simply cut out your desired shape with standard scissors and punch a hole for the key split ring with a hole punch or pliers.
