

VBS Craft kit “Colorful bunnies”

Instructions No. 2950

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 1 hour 30 Minutes

Cute **little bunnies** are a must for Easter! Our "**Colourful Bunnies**" **craft set** is very easy to make and is also ideal for crafting with children.

In addition to the materials included in the set, you will also need scissors, hot glue, a POSCA marker with a line width of 0.7 mm and a sublimation pen to transfer the templates for the bunny ears onto the felt and foam rubber.

It’s so easy to make the bunnies:

1. First transfer the **motif templates** for the feet and ears onto the **foam rubber**. Transfer the motif template for the inside of the ears onto the **craft felt**. The sublimat pen is very suitable for this. The lines can then be wiped off with a little water - this will give you a clean result. Then cut out all the parts.
2. Now glue the inside of the felt ears onto the foam rubber ears.
3. Now glue the **wooden hemisphere** for the nose to the centre of the egg.
4. Next, colour in the face. If you like, draw it in with a pencil.
5. In the next step, glue the finished ears to the left and right of the hanging ribbon on the egg. Now glue the feet on in the same way. Here you can decide whether your bunny should sit or stand. A little tip: Simply fold one ear over! This will make your bunny look even more likeable!
6. For the hair, simply cut a small rectangle out of the white craft felt and cut fringes into it. Glue them between the ears.
7. Finally, glue a pompom to the back of the egg as a tail. Your colourful bunnies are now ready! Have fun making them!
