The **VBS Craft kit "Spring Flowers"** is a great set of figure cones, foam rubber, and wobbly eyes that is ideal for children and adults who like to be creative. The pre-drawn flower wreaths and leaves make crafting easier. The craft kit is a beautiful spring decoration and also makes a wonderful gift.

You can make **five spring flowers** with our craft kit. In addition to the materials included in the set, you only need scissors, glue, a fineliner, and pink acrylic paint (e.g., VBS Craft paint in dusky pink).

So einfach bastelst du die Frühjahrs-Blümchen:

1.
First, cut out the printed flower and leaf motifs from the foam rubber. We opted for one flower wreath and two leaves per figure. However, you can work however you like here; for example, combine two flower wreaths together. Work tone-on-tone or colourful; there are no limits to your creativity here.
2.
The next step is to paint the faces. To do this, draw a wreath of flowers on the figure cone so that you have a guide for exactly where the face should be painted.

Now draw the face delicately with a pencil. Give the figures different facial expressions, as in our example; paint on sleeping, laughing, or winking faces.

You can now remove the wreath of flowers. Then stick on the wobbly eyes and colour in all the other details with a thin fineliner. Finally, add two pink dots to the face as cheeks. The flat end of a bamboo skewer works very well for this.

3.

Now you can glue on the flower wreaths and leaves. Apply a little glue to the opening (inside) of the flower wreath and carefully pull it onto the cone head. As the foam rubber is elastic, you can stretch it slightly. Simply remove any glue residue with a cloth. Finally, glue the leaves to the back of the cone.

Follow the same steps to create the other four spring flowers.

Have fun making them!
