Let the individual layers dry completely before applying the next layer of paint. **Gold Handicraft paint**buttons are used to paint on buttons, black buttons are used **to Marker**draw the seams of the trousers and a fanny pack

As soon as the big balls are finished, you can glue them with hot glue **on the Wooden platine** stick. Now paint with

the **black Marker**face on the little balls. With **Handicraft paint** in **Old Pink** you can paint the cheeks. With a **whit Marker e** one you can now put light spots in the eyes and on the cheeks. Let the colours dry well again. Now glue the heads with **hot glue on the** big **balls**.

From **green or Felt**from **Knitted tube** the scarf and cap are now being made. Transfer the **motif template** for the hats to the green plate. Cut it out, form the felt triangles into caps and glue them **together** with **hot glue**. These are also attached to the head with hot glue and the scarf is fixed to the neck. The Knitted tube-caps are simply cut to size and pulled over the head. As a conclusion you can knot or glue them.
