VBS Creative set "Tealight angel"

Instructions No. 2663

Difficulty: Advanced

Working time: 2 Hours

Brighten up your home! With our instructions, you can easily make **beautiful tea light angels** that will enchant you.

And this is how it works:

First transfer the **template** of the cones onto the lamp foil with a pencil and cut them out.

Stick the lamp foil together on the two straight sides with **double-sided adhesive tape**.

Now take the cotton wools. There is already a small hole in them. If this does not fit on the lamp foil cone, poke it with a small pair of scissors to widen the hole. Put some hot glue in the hole and place the cotton ball on the lamp foil cone.

For the halo, cut about 40 cm from the **wire**, double it and twist it.

Hold the wire at the desired position against the cotton wools to determine the diameter. Now form the circle and

twist the ends together again to form a strand. Cut a piece off the end of the wire if necessary.

Poke a small hole in the top of the **cotton ball** with a sharp pencil. Put a little hot glue on it and stick the halo in.

Next, place the template for the **wings** on the **embossing foil**, trace it with a pencil and then cut it out.

Place the cut out wings on a **mat** suitable for embossing and draw a pattern on them with the embossing pencil. Stick the embossed wings to the back of the angels with double-sided tape.

Now you can decorate your angels as you like! Simply cut out stars and hearts from the embossing foil and stick them to the lamp foil with hot glue.

Finally, place each of the finished angels on an **LED tea light** to illuminate them.

Have fun making them!

Must Have

VBS Lampshade film "0.3 mm", 65 x 33 cm

Length: 33 cm
Width: 65 cm
Thickness: 0.3 mm
Material: Plastic

2,99 € (1 m2 = 13,91 €)
