Wall decoration in natural look

Instructions No. 3325

Difficulty: Advanced

Working time: 3 Hours

These instructions show you how to create a decorative wall decoration with wood and glass for your home using simple means and materials. Let us inspire you!

For this idea, you will need two oak rind boards with a length of approx. 35 cm, glass lanterns and only a few other craft materials, which we have summarized for you in the materials list in these instructions.

Step 1: Preparing the suspension
First, drill two holes in each of the two oak rind boards. Pull a cotton cord through the holes and knot the ends to create a stable suspension. Screw a screw hooks into each board so that you can later hang one glass lantern on each board.

Step 2: Designing the glass lanterns
Take a motif handkerchief of your choice and unfold it, then cut it in half. Coat the outside of one of the glass lanterns with napkin varnish for glass and porcelain. Remove the top, printed layer of the handkerchief from the remaining layers of paper and carefully place it on the glass. Dab napkin varnish over the motif again. Once dry, you can remove any protruding edges. The varnish can be baked at 160°C for 30 minutes. The glass can then be wiped clean. Plant a pretty spring or summer flower in the finished glass.

Step 3: Decorating the candles
Apply candle potch to one candle. Now decorate the candle with a handkerchief motif by peeling off the top layer of the handkerchief and placing it on the coated candle. Use a soft brush to carefully smooth out the motif and leave to dry.

Step 4: Assembling the glass lantern
Fill the decorated glass lantern with some colored sand and place the prepared candle inside. Tie a decorative organza ribbon around the glass lanterns and hang them on the prepared oak rind boards.

Step 5: Finishing your work of art
Glue some scatter decoration to the boards using handicraft glue to complete the overall picture.
Your individual wall decoration is finished (you can also do it in summer), which is not only only a real eye-catcher, but also reflects your creative spirit.

Start now and experience the joy of crafting! You'll find all the materials you need in this idea and in our online store. Let your creativity run wild and give your home the perfect spring magic!

Must Have

Oak rind board

Length: 35 cm
Material: Oak wood
