And it is as simple as that:

Dab the Acrylic- snowflakes from both sides with decorative snow and let them dry well.

Now spread some decorative snow on the wreath with the Paint sponge

Cut a strip of cardboard to the size of the wreath diameter and stick tree bark on it. Then lay it over the side of the wreath and fix it with hot glue.

Right and left from strips you glue glitter cord on and make a suspension which you fix to the wreath.

Decoratively fix the snowballs and stars with hot glue and thread the flower hair and the fairy lights loosely around the wreath.
