These creative crafting instructions will help you to create a unique table decoration using a **wicker wreath** and **terracotta saucers**. Let yourself be inspired and discover how easy it is to conjure up a touch of nature and warmth in your rooms with just a few simple steps.

Start by placing a terracotta saucer in the centre of a **willow wreath**.
This forms the base of your arrangement and provides stability.

Take a **cutter knife** and cut the Floral Foam so that it fits exactly onto the terracotta saucer. Cover the Floral Foam generously with moss so that it is no longer visible.
The moss also gives the arrangement a natural look.
You can fix the moss with some **hot glue** to keep it in place.

Glue small **pompoms** onto the bunny figures. Then attach the bunnies to the moss

Stick colourful flowers into the Floral Foam. These will add colour and freshness to your arrangement.

Arrange the flowers according to your personal taste.

To give the arrangement a special glamour, place a fine **string of lights** around the arrangement. The warm lights emphasise the colours of the flowers and create an inviting atmosphere.

Let the sunshine into your home and experience your creativity with our **instructions** and **craft tips!**
