Working time: 45 Minutes

During the winter and Christmas season it is especially fun to decorate and adorn the house from top to bottom. The windows also offer plenty of room for decorations. Nothing is more suitable than Window Fantasy. Because the paint is easy to apply and therefore also great for children. Another practical feature is that the motifs can be removed from the windows again and again and replaced by new window pictures.

First download the free **motif template** and print it out. Of course, you can also paint Christmas motifs on your own as you wish. Now place **Lamp foil** you can either place the sheet on top of the window Paper or put it in a transparent cover

Before you start colouring your designs, you should cover your work surface to prevent contamination. First, paint all the outlines or contours with a black contour liner**.** The lines should now dry. The drying time of the contour paint is about 2 hours, but depends on the thickness of your drawn line. Now you can design the motives in your **desired colours**. Once you have painted all areas, the paint should dry for at least 24 hours. After everything has

dried, you can carefully remove the motifs from the foil and apply them to your windows or doors.

Christmas is over? Simply pull the Window Fantasy motifs off the windows and you already have room for new window decorations suitable for the next season.
